

TECH SPEC SHEET

In the interests of providing more detailed and accurate information to our customers, gallery staff would like to keep detailed notes on all of the technological specifications of your work.

Please be kind enough to complete the information below and mail it back to the gallery or e-mail it to galleryofbcceramics@bcpotters.com. The information will be retained in your inventory file and referred to as needed.

Thank you for taking the time to complete the questionnaire.

Artist's name: _____

Type of clay used: (Stoneware / earthenware / porcelain)

Methods used: (eg. Thrown, slab work, pinch pots etc.) _____

Firing temperature: _____

Firing method: (Gas, electric, wood) _____
